

GoAir celebrates 14th Anniversary with special fares starting from Rs.1614

Ahmedabad, GoAir, India's most trusted, punctual and fastest growing airline, turns 14 on the 4th of November. Celebrating its anniversary, the airline has announced special fares ending with "14" as the last two digits across all its 33 destinations. To avail these special fares, travellers can book their tickets between 4th November to 6th November for a travel period starting from 13th November to 31st December 2019.

Speaking on the occasion, Mr. Jeh Wadia, Managing Director, GoAir said, "We have completed 14 years of smart, affordable and time-efficient travel. We are entering the 15th year, the year of aggressive growth coupled with more flight options on domestic as well as international routes. Our passengers are a huge part of this celebration. They are the ones who have made us the most reliable, punctual and preferred airlines. It calls for rewarding them on this momentous occasion."

Non stop GoAir flights from Ahmedabad can be availed for Rs. 1614/- (all in-

clusive) on the domestic routes. Amdavadis can now celebrate Christmas and New Year's Eve at the destination of their choice with GoAir's daily non stop domestic flights to Hyderabad, counters, GoAir Call Centre and travel agents) on first-come-first-serve basis.

To make travel hassle free, GoAir, on its anniversary, also commenced a new city check-in facility at the New Delhi Metro station for international travellers. This initiative truly lives up to GoAir's promise of 'Fly Smart' for its passengers: not only cutting down travel time on Delhi roads but also allowing the travellers to commute to the airport without having to carry their luggage themselves.

The Prime Minister's Office and Finance Ministry have held separate meetings with Department of Telecom over working out a solution on the AGR decisions of the Supreme Court where the telecom operators have to pay a hefty amount of Rs 1.3 lakh crore overall to the government as dues.

AGR is Adjusted Gross Revenues which includes all licensed revenues of a telecom firm not necessarily originating only from mobile or landline services. It now includes all incomes like towers, ISP licenses, rentals as per the apex court order which has supported the DoT computation and this is now a 14-year-old dues amount which has jacked up the payout by telcos like Airtel and Vodafone Idea.

Highly placed sources said the PMO and Finance Ministry have held meetings with DoT but no possible way or solution for giving any relief to the telcos over the payment has emerged.

PMO, FinMin, DoT in parleys over AGR solutions

The Telecom Secretary attended the meeting with the PMO last week. Senior DoT officials were there in the Finance Ministry meeting. The newly appointed panel-led by Cabinet Secretary also met last week for the first time for looking at sectoral levies relief and they too discussed the AGR issue though its terms of reference is not on the AGR issue discussion.

Sources said as the Secretary panel starts meeting more, there is expected to be some direction which can be followed and only PMO will take that decision after inputs from the secretary panel, Finance Ministry, Law Ministry and Department of Telecom.

Telecom Ministry has, however, made it clear to these ministries, PMO that insistence on payment by these telcos could land them in NCLTs where recovery of government dues

would drag again for years and these telcos have taken huge loans of over Rs 3 lakh crore from banks for previous spectrum auction which they would not be able to return to the banks and NPAs would rise as a result.

There would be extreme difficulties for 70 subscribers of these telcos if they shut down. Other than that, Indian telecom sector would get an extremely rough image in the global map.

Sources also added that telcos individually and represented by industry have met telecom secretary recently over this. In the industry meeting, Jio was not present. As on possibilities of a direction, officials said waiving of penalties and interest is not easy as it directly intervenes the Supreme Court order and the whole court case was over that.

'Holdings of gold-backed ETFs hit all-time high'

Mumbai, The World Gold Council (WGC) on Tuesday said that the holdings of gold-backed ETFs hit a new all-time high of 2,855.3 tonne in Q3 and the global gold demand also rose by 3 per cent on the same period last year.

Growth was driven by a 10 per cent increase in recycling, to its highest level since Q1 2016, as the ongoing price rally continued to encourage selling back by consumers.

The inflow in gold-backed ETFs according to the council was at the highest level of quarterly inflows since Q1 2016, signalling that investors owing to rising uncertainty are focusing on Gold as a safe-haven asset.

The council said that a surge in exchange-traded fund (ETF) inflows outweighed softer demand elsewhere in the market.

"Although central bank demand remained healthy, it was significantly lower than the record levels of purchases in Q3 2018.

Jewellery demand, however, was hampered by the continued strength in the gold price, which hit a new multi-year high, as well as consumers being downbeat on the health of the global economy," WGC said.

Further the report noted that central banks added 156.2 tonne to reserves in Q3, falling 38 per cent in comparison to the record Q3 last year.

Jewellery demand according to the council was down 16 per cent in Q3 to 460.9 tonne owing to weak consumer sentiment, and continued geopolitical and economic uncertainty, coupled with substantially higher gold prices.

"...an economic slowdown in India and China coupled with the sharp increase in the gold

price, mean many consumers have held off buying gold jewellery," the report stated.

Alistair Hewitt, Head of Market Intelligence at the World Gold Council,

commented: "Demand this quarter nudged higher as the continued surge into ETFs more than compensated for weaker demand elsewhere".
